

## CUSTOM TRAILER

### TRAILER DESCRIPTION

The advantage of being an Australian manufacturer means that Victorian Trailers is able to provide design and engineering of bespoke custom made trailers to meet your exact needs.

Our expertise and experience over the years means that we can make suggestions to improve or enhance your custom design and you will also have peace of mind knowing that your trailer is designed with strength and safety as all of our trailers are manufactured to comply with the relevant Australian Design and Safety Standards.

Custom Trailers can be made using Single, Dual and even Triple Axle configurations; in fact we have built trailers with more than three axles. Combine this with your desired body style, we can make your trailer design into a functional reality, no matter what your requirements are!

Remember to Compare & Save, yes even with our Custom design service.
