### TRAILER DESCRIPTION

Victorian Trailers offers a selection of Single Axle Tradesman Trailers built to medium or heavy duty specification with a range of load weight classifications.

Our Single Axle Tradesman Trailers come in an extensive range of sizes, load ratings and built in features that set them apart from competitors. Added to this is a host of options to accommodate your needs when building or customising your trailer.

Our Tradesman trailer platforms are engineered with versatility in mind so that you can configure your new trailer for any application or add components such as a toolbox, air compressor/ welder ramp & box, ladder racks and more.
